Are you interested in pursuing your own independent ground-breaking research as a distinguished postdoctoral fellow in one of the premier national laboratories? The Truman and Hruby Distinguished Fellowships offer self-directed three-year appointments that are fully supported with state-of-the-art instruments, an ample research budget, mentoring, and generous salaries as you support national security mission areas.

AS A TRUMAN OR HRUBY FELLOW YOU WILL:

- Collaborate with some of the nation's best scientists and engineers
- Conduct ground-breaking work in national security
- Leverage leading-edge scientific facilities
- Stimulate explorations at the forefront of science and technology in high-risk, potentially high-value research and development

QUALIFICATIONS

- PhD conferred within the past three years at the time of application or completion of PhD requirements by October 1, 2024 (beginning of appointment)
- Evidence of strong academic achievement, excellent technical accomplishment, leadership, and ability to team effectively
- Research in areas meaningful to national security
- Development/submission of a compelling research proposal
- Ability to obtain and maintain a DOE security clearance

Applications will be accepted through **September 12, 2023**

Selections anticipated by **early spring**
